

Cold Stress Checklist

BENEFITS

Exposure to winter weather conditions, such as low temperatures, snow, wind and ice, can endanger your workers and lead to frostbite, hypothermia and other conditions. So if your workers work outside in the winter or are exposed to the risk of cold stress, your company must take all reasonable steps to protect them.

HOW TO USE THE TOOL

Use this checklist to ensure that you've taken all reasonable steps to protect your workers from the hazard of cold stress. If you identify any gaps in your protections while completing the checklist, make sure that you address them.
