

COVID-19 Workplace Testing Policy

Use this template to create a fair, balanced and legally sound testing policy at your workplace.

During the current pandemic and until further notice, ABC Company employees who perform their jobs at Company worksites or in the physical presence of other ABC Company employees, vendors, customers, or clients must undergo COVID-19 testing in accordance with this Policy.

The purpose of this Policy is to establish a fair, reasonable, consistent, transparent and minimally invasive COVID-19 testing system that meets the requirements of applicable privacy, human rights and other laws and public health guidelines, as well as to ensure that all employees understand the system and what they are expected to do to comply with it.
