

Environmental Plan for Refrigerant

I'm looking for some assistance with an Environmental plan for refrigerant removal and charging.

Thank you for your request. We are able to answer questions on general workplace safety compliance issues only. Because of the nature of your question, it's best answered by a specialist in environmental compliance, such as an environmental lawyer or consultant, who can gather additional details on your issue to provide you with a customized and accurate answer. We recommend that you contact Matthew Allen B.Eng., M.Eng., Q.P., CHSC, P.Eng., Principal, Environmental, Health & Safety Group, Giffin Koerth; 1.800.564.5313; MAllen@giffinkoerth.com
