Face Mask Do’s and Don’ts for Healthcare Personnel

This is an infographic from 2020, reflective upon the COVID-19 pandemic, but the principles and methods mentioned are still applicable for employees and employers who wear PPE and work in vulnerable sectors, like healthcare.

Face masks have become essential accessories in the effort to prevent the spread of COVID-19. But it’s critical to wear them and handle them correctly to protect yourself and others. For a mask to be effective, it has to be used correctly. Here is a downloadable tool to post around your workplace to help prevent the spread of the virus.
