

MOL Posters Required?

I was wondering if the new posters required by the MOL to be posted in all Ontario workplaces replaces the current “1,2,3,4” WSIB poster? Given that they cover different topics I’m guessing that they are both required now but given the changes in responsibilities between the MOL and WSIB I thought it was worth clarifying. Thanks!

We reached out to the Ontario MOL, which said this: “No. The new MOL poster is required to be posted under the *Occupational Health and Safety Act*. The existing WSIB poster is required to be posted under the *Workplace Safety and Insurance Act*.”
