

Vehicle Inspection Checklist

BENEFITS

If your workers regularly drive as part of their jobs, it's important that you have road safety policies and practices in place to ensure their safety while on the road. It's also critical that you ensure that the vehicles they drive are safe to operate.

HOW TO USE THE TOOL

Adapt this checklist based on your company's OHS program and the recommendations of the vehicle's manufacturer. Require any worker who drives on the job to use this checklist to regularly inspect their vehicles to ensure that the equipment is in good condition and operating properly.
